Notice of Fee Increase on October 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on October 1, 2003. See Revision of Patent Fees for Fiscal Year 2004; Final Rule, 68 Fed. Reg. 41532, 41533, 41534 (July 14, 2003).

The current fee schedule is accessible from (http://www.uspto.gov/main/howtofees.htm).

If the fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due" but not the correct amount in view of the fee increase, a "Notice of Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice of Pay Balance of Issue Fee," if the response to the Notice of Allowance to be filed on or after October 1, 2003 (or mailed with a certificate of mailing on or after October 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously-paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Effective October 1, 2003, 37 CFR 1.18 is amended by revising paragraphs (a) through (c) to read as set forth below.

Section 1.18 Patent post allowance (including issue) fees.

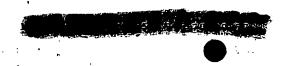

(a) Issue fee for issuing each original or reiss	ue patent,
except a design or plant patent:	•
By a small entity (Sec. 1.27(a))	\$665.00
By other than a small entity	\$1,330.00
(1) T C C :	

y issue fee for issuing a design patent;	
By a small entity (Sec. 1.27(a))	. \$240.00
By other than a small entity	. \$480.00

(c) Issue fee for issuing a p	plant patent:	
By a small entity (Sec.	1.27(a))	\$320.00
By other than a small e		\$640.00

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: the prior art of 1. record does not teach nor fairly suggest a lid as set forth in the claims. Specifically, wherein applicant is stated the intent of invoking the provisions of 35 USC 112, sixth paragraph. The structure performing the function of a seal means and a first seal means and a second seal means is clearly set forth in the specification. With respect to claim 11, there is no teaching in the prior art of record for a seal means as set forth in the disclose which forms a fluid conduit between the corresponding drinking and venting apertures are in respective rotational registration with one another and for forming a fluid barrier between the corresponding drinking and venting apertures when the apertures are out of respective rotational registration with one another. With respect to claim 1, there is no teaching in the prior art of record for a first seal means which forms a fluid conduit between the corresponding drinking and venting apertures are in respective rotational registration with one another and a second seal means for forming a fluid barrier between the corresponding drinking and venting apertures when the apertures are out of respective rotational registration with one another. Since there is no structural equivalence in the prior art of record, the claims as set forth in the instant application are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

In order to reduce pendency and avoid potential delays, Group 3720 is encouraging
 FAXing of responses to Office Actions directly into the Group at (703) 872-9302 or (703) 872-9303 for after final amendments. This practice may be used for filing papers not requiring a fee.

Application/Control Number: 09/479,410

It may also be used for filing papers which require a fee by applicants who authorize charges to a PTO deposit account. Please identify the examiner and art unit at the top of your cover sheet. Papers submitted via FAX into Group 3720 will be promptly forwarded to the examiner.

3. It is called to applicant's attention that if a communication is faxed before the reply time has expired, applicant may submit the reply with a "Certificate of Facsimile" which merely asserts that the reply is being faxed on a given date. So faxed, before the period for reply has expired, the reply may be considered timely. A suggested format for a certificate follows:

I The U.S.	hereby cerlify that this corresp Patent and Trademark Office	ondence for Application Serial via fax number (703) 872	No on the date s	is being facsimiled to shown below:

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robin Hylton whose telephone number is (703) 308-1208. The examiner works a flexible schedule, but can normally be reached on Monday - Friday from 9:00 a.m. to 4:00 p.m. (Eastern time).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Lee Young, can be reached on (703) 308-2572.

If in receiving this Office Action it is apparent to applicant that certain documents are missing, e.g., copies of references cited, form PTO-1449, form PTO-892, etc., requests for copies of such papers should be directed to Errica Bembry at (703) 306-4005.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the Group receptionist whose telephone number is (703) 308-1148.
